Daniel Nguyen

Master's student in Commerce · Interested in e-commerce & marketplaces

Vietnamese master's student at Plekhanov Russian University of Economics on a Russian Government Scholarship. About two years working with sellers at Foody/ShopeeFood and Tiki in Vietnam, and around six years running my own small businesses. Now learning how e-commerce works in Russia and sharing my notes in Vietnamese.

EXPERIENCE

From 2019 to 2025 my own businesses were my main work; I also worked at Tiki twice and studied for my bachelor's degree alongside.

Personal project · Daniel Nguyen — notes on Russian e-commerce — 2026 – present · Moscow

- Put my notes on selling on Ozon together into a free guide in Vietnamese (20 chapters), with simple spreadsheets for profit, advertising and inventory.
- Trying out small written consultations for people who are just starting on Ozon.

Owner & Operator · Small businesses — 2019 – 2025 · Ho Chi Minh City

- Ran two small restaurants: T@Food (team of four; grew sales through online marketing and nearby areas, sold before moving to Russia) and Elite Fastfood (spring rolls and bún mắm nêm, also via delivery apps).
- Built operating procedures, trained staff and adapted the menu to local tastes.
- Opened a shoe store with a former Tiki colleague; ran several shops on Shopee.

Seller Business Manager · Tiki — 06/2021 – 03/2022 · HCMC

- Managed a group of top sellers in the electronics category; met monthly KPIs every month.
- Helped speed up store activation; onboarded and trained new sellers.

Commercial Associate · Tiki — 09/2019 – 11/2019 · HCMC

Partner Development Executive → Team Lead · Foody (ShopeeFood) — 07/2018 – 05/2019 · HCMC

- Signed and onboarded restaurant partners; supported their in-app and external campaigns.
- Company monthly Top 10 with awards for three consecutive months ("Agent Ranking", 2018).
- Led a team of six for a two-month probationary period from my fifth month; the team ranked in the top 5 for two consecutive months.
